A STRONG RIDE-ON SWEEPER. BATTERY-POWERED.

AKS 70|BM 62

- ⦿ The easy to operate, compact ride-on sweeper with great suction power and large filter surface is ideal for economical cleaning of medium indoor and outdoor areas.
- ⦿ Standard efficient filter system: the filter area is 6 m² and is distributed over 6 polyester cylinder cartridges, the electrical filter shaker enables consistently efficient cleaning of the filter.
- ⦿ The mechanical interruption of the suction flow protects the filter from damages when driving over wet areas.
- ⦿ Polyester filter, brush unit and motor are located apart for a longer lifespan of the traction drive.
- ⦿ With a solid steel construction the ride-on sweeper is extremely robust.
- ⦿ Lateral bumper wheels protect both the machine and clients property.
- ⦿ Large volume, emptied quickly: the waste container holds 62 litres and can be moved out for filling large garbage bags or suitable containers.
- ⦿ Safe when used in areas with public traffic: all around beam lights and horn as standard equipment. Protective shield, headlights and reversing signal are optional.
- ⦿ Powerful rear wheel drive for climbing abilities up to 20 percent.

L x W x H	1430 x 910 x 1140 mm	
Sweeping principle	overthrow	
Working width	w/o side brushes	700 mm
	with 1 side brush	920 mm
	with 2 side brushes	1150 mm
Theoretical coverage max.	7130 m ² /h	
Empty weight w/o battery	262 kg	
Operating weight*	461 kg	
Waste container	62 l	

BATTERIES/ELECTRICAL DATA

Rated voltage	24 V
Capacity/working time	175 Ah 5/1,8 h, wet
	180 Ah 5/2,0 h
	200 Ah 5/2,2 h, wet

FILTER

Filter size	6 m ²
Shaker	electric

TRACTION

Mode of drive	electro motor
Traction drive	back wheel
Speed max.	6,2 km/h
Climbing ability	20 %

*Operating weight includes the biggest possible battery, 90% tankful and 75kg user
