# THE EXPERT FOR DAILY CLEANING.

## E 500E

- Robust single-disc machines 'Made in Germany' – for over 70 years. For daily, long-term use.
- With 1200-watt performance, weight of 42-kilogram and a 500-millimetre working width, this is the right machine for large surfaces and demanding tasks such as crystallization of stone flooring or stripping of any other hard flooring.
- The low-speed machine has planetary gearing with three wear-free helical planet gears that distribute the force evenly over the entire working width. That means quite running and easy steering. The maintenance-free planetary gearing and the powerful 1200 W motor are perfectly matched and guarantee high performance at all times and a long service life.
- Work safely and with less operator fatigue: includes continuously variable handle grip and a safety button to prevent accidental operation.
- The body casings are made from Aluminium.
- Large operating range as standard: 12-metre waterproof and kink-proof mains cable.
- Flat construction to fit under radiators, pipes and shelves.
- The rubber bumper ring protects both the machine and the working environment.
- Various accessories available depending on use: tank, sprayer, suction unit with ring for dust-free operation and additional weights for increased surface pressure.

### E 500E

|                       |                     |
|-----------------------|---------------------|
| L x W x H             | 480 x 630 x 1215 mm |
| Working width         | 500 mm              |
| Ground clearance max. | 145 mm              |
| Working height max.   | 305 mm              |
| Noise level           | 63 dB(A)            |
| Weight                | 42 kg               |

### ELECTRICAL DATA

|               |               |
|---------------|---------------|
| Rated voltage | 230 V / 50 Hz |
| Power total   | 1200 W        |
| Mains cable   | 12 m          |

### BRUSHES AND PAD HOLDERS

|       |         |
|-------|---------|
