HEAVY-DUTY-CLEANING IN ATEX ZONES.

E 505IS Ex

- ❶ The explosion-proof E 505IS with 500 mm working width ensures in-depth wet cleaning in industrial ATEX zones, in the petrochemical or pharmaceutical industries. This single disc machine is completely made of conductive materials and it is ATEX certified.
- ❷ The original explosion-protected accessories from columbus guarantees an excellent cleaning result even for heavy soiling.
- ❸ The low-speed machine has planetary gearing with three wear-free helical planet gears that distribute the force evenly over the entire working width. That means quite running and easy steering. The maintenance-free planetary gearing and the powerful 1000 W motor are perfectly matched and guarantee high performance at all times and a long service life.
- ❹ Work safely and with less operator fatigue: includes continuously variable handle grip and a safety button to prevent accidental operation.
- ❺ Large operating range as standard: 12-metre waterproof and kink-proof mains cable.
