

DATA SHEET.
SPRAY EXTRACTION MACHINE.
TA 50|K50

A CONVINCING SCRUBBER DRYER FOR CARPETS. AND SPRAY EXTRACTION APPLIANCE.

TA 50|K50

- Sturdy and easy to handle, the scrubber dryer for carpets takes over for professional deep and daily cleaning of medium-sized textile floor coverings and impresses with outstanding vacuuming power.
- The adjustable water quantity hits the floor with 9 bars of spray pressure.
- Brush roller and suction tool are mounted on a swivel mechanism meaning that the brush pressure can be adjusted perfectly to pile height.
- The high-quality three-level suction motor with 333 mbars of vacuum power ensures that loosened dirt is picked up without leaving residue.
- The modular construction facilitates simple emptying, all components – even the brush roller and the spray valves – can be cleaned extremely well and thoroughly without tools.
- Easy to service: seals and filters can be changed easily without tools.
- To transport in a car, simply loosen the snap locks on the dirty water tank and remove the suction jet.
- Further applications with optional attachments. The aluminium spray lance for spray extraction is perfect for cleaning hard to reach areas. Alternatively, the optional power brush can be plugged into the integrated socket.
