

DATA SHEET.
SINGLE DISC MACHINE.
bionic

EXPERT WITH PLANETARY GEAR BOX. FOR ANY OBJECT, FOR ANY APPLICATION.

bionic

- Robust single-disc machines 'Made in Germany' – for over 70 years. For daily, long-term use.
- Low-speed machine with unbreakable plastic housing, for efficient stripping, cleaning and shampooing, with a 430 mm working width ideal for 17" pad sizes in international standard format.
- The bionic has planetary gearing with three wear-free helical planet gears that distribute the force evenly over the entire working width. That means quiet running and easy steering. The maintenance-free planetary gearing and the powerful 1200 W motor are perfectly matched and guarantee high performance at all times and a long service life.
- Work safely and with less operator fatigue: includes continuously variable handle grip and a safety button to prevent accidental operation.
- Large operating range as standard: 12-metre waterproof and kink-proof mains cable.
- Flat construction to fit under radiators, pipes and shelves.
- Efficient stripping, cleaning and shampooing – with 430-millimetre working width and pads in international standard 17-inch format.
- The shatter proof plastic casing protects furniture and fragile objects.
- Various accessories available depending on use: tank, sprayer, suction unit with ring for dust-free operation and additional weights for increased surface pressure.

bionic

L x W x H	445 x 570 x 1170 mm
Working width	430 mm
Ground clearance max.	145 mm
Working height max.	300 mm
Noise level	57 dB(A)
Weight	40 kg

ELECTRICAL DATA

Rated voltage	230 V/50 Hz
Power total	1200 W
Mains cable	12 m

BRUSHES AND PAD HOLDERS

Speed	140 rpm
