

# Data sheet

## move

With the columbus move, we are starting a new chapter: The vertical scrubber dryer brings true professional performance to places where a mop is not enough and a large machine is too unwieldy. With high brush pressure, high speed, and strong suction power, the move cleans quickly, thoroughly, and economically – even in narrow, complex, or heavily frequented areas.

Thanks to its intelligent weight relief system, it is easy to handle and combines maximum maneuverability with uncompromising cleaning performance.

Specifications subject to change without notice

<b>Tecnicl Data</b>		<b>move</b>	
L x W x H	505 x 470 x 1170 mm	<b>Suction motor</b>	
Operating width	460 mm	Power consumption	24 V / 200 W
Suction width	505 mm	<b>Batteries/Electrical Data</b>	
Max. theoretical coverage	1380 m <sup>2</sup> /h	Rated Voltage	24 V
Noise level	<70 dB(A)	Type	Lithium 24 V
Empty weight	24 kg	Autonomy	2 hours
Operating weight	33 kg	<b>battery charging time</b>	
<b>Tank</b>		Charger 15 A	1 hour 40 minutes
Solution tank capacity	5 l		
Recovery tank capacity	6 l		
<b>Brushes</b>			
Number	2 disc brushes		
Diameter	230 mm		
Brush speed	350 rpm		
Brush pressure	30 kg
